

What academies, free schools and colleges should publish online – Updated 12th November

The following have been added:

Coronavirus (COVID-19) catch-up premium

If your school gets the coronavirus (COVID-19) catch-up premium grant in academic year 2020 to 2021, you should publish details of:

- how it is intended that the grant will be spent
- how the effect of this expenditure on the educational attainment of those pupils at the school will be assessed

Executive pay

You must publish how many employees have a gross annual salary and benefits of £100,000 or more. You should publish these figures in £10,000 increments.

The following have been updated with further information.

Exam and Assessment Results

Schools are not required to publish their exam and assessment results from 2019 to 2020 academic year as these have not been published as performance measures by the Secretary of State. You must, however, continue to display your 2018 to 2019 performance measures until new performance measures are published. You should clearly mark that these performance measures are not current.

Pupil Premium

We understand that evaluating the pupil premium's impact in the 2019 to 2020 academic year will present difficulties as a result of reduced numbers of pupils having attended between March and July 2020.

Instead, schools may wish to monitor and report on the grant's impact at the end of the current financial year, bearing in mind their duty to update this information at least annually, covering the whole period since September 2019.

Year 7 literacy and numeracy catch-up premium

If your school has received year 7 literacy and numeracy catch-up premium funding for the 2019 to 2020 academic year, you must publish:

- details of how you spent your allocation for that year
- how your use of that allocation made a difference to the attainment of the pupils who benefit from the funding

As final payments of the Year 7 catch-up premium were made in relation to the 2019 to 2020 academic year, the 2020 to 2021 academic year will be the last year on which schools must report how this funding was used.

The following have been updated but I am not sure what has been added so have copied the whole section.

Admission Arrangements

Schools

Admissions arrangements for all mainstream academy schools, other than 16 to 19 institutions must comply with the School admissions code and the School admission appeals code.

Academy trusts must publish the admissions arrangements for their schools on their website and keep them there for the whole of the offer year (the school year in which offers for places are made).

16 to 19 academies and colleges

If you're a 16 to 19 academy, FE college or sixth-form college, we recommend that you publish details of your admission arrangements.

You should publish this information a year before the beginning of the academic year to which arrangements apply, to help parents and students make an informed choice, and we recommend that the arrangements do not change during the year. You should include details of:

- open days your college or academy is planning
- the process for applying for a place at your college or academy
- whether your college or academy gives priority to applications from pupils enrolled at particular schools

Ofsted reports

You must publish either a copy of your school's most recent Ofsted report or a link to the report on the Ofsted website.

Curriculum

Academies must publish:

- the content of the curriculum your school follows in each academic year for every subject, including for mandatory subjects such as Religious Education, even if it's taught as part of another subject or subjects or is called something else
- your approach to the curriculum should also include how you are complying with your duties in the Equality Act 2010 and the Special Educational Needs and Disability Regulations 2014 about making the curriculum accessible for those with disabilities or special educational needs
- how parents or other members of the public can find out more about the curriculum your school is following
- how you meet the 16 to 19 study programme requirements (if you have a sixth form or offer education at 16 to 19)

Depending on what phase of education your school offers, we recommend you also publish any of the following that apply to your school:

- the names of any phonics or reading schemes you are using in key stage 1
- a list of the courses available to pupils at key stage 4, including GCSEs

- the 16 to 19 qualifications you offer

PE and sport premium for primary schools

If your school receives PE (physical education) and sport premium funding, you must publish:

- the amount of premium received
- a full breakdown of how it has been spent
- the impact the school has seen on pupils' PE, physical activity, and sport participation and attainment
- how the improvements will be sustainable in the future

You are also required to publish the percentage of pupils within your year 6 cohort who met the national curriculum requirement to:

- swim competently, confidently, and proficiently over a distance of at least 25 metres
- use a range of strokes effectively
- perform safe self-rescue in different water-based situations

Equality objectives

As public bodies, academies and FE institutions must comply with the public sector equality duty in the Equality Act 2010 and the Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017. This means you must publish:

- details of how your school complies with the public sector equality duty - you must update this every year
- your school's equality objectives - you must update this at least once every 4 years

The Equality Act 2010 and Advice for Schools provides information as to how your school can demonstrate compliance. For example, including details of how your school is:

- eliminating discrimination (see the Equality Act 2010)
- advancing equality of opportunity – between people who share a protected characteristic and people who do not share it
- consulting and involving those affected by inequality, in the decisions your school or college takes to promote equality and eliminate discrimination (affected people could include parents, pupils, staff and members of the local community)

Special educational needs and disabilities (SEND)

You must publish an Information Report on your website about the implementation of your school's policy for pupils with SEN and should update it annually.

You should update any changes occurring during the year as soon as possible. The report must comply with section 69 of the Children and Families Act 2014, meaning that it must contain:

- the 'SEN Information' specified in Schedule 1 to the Special Educational Needs and Disability Regulations 2014. (Statutory guidance on this is contained in section 6.79 to 6.82 of the Special educational needs and disability code of practice: 0 to 25 years);
- information as to:
 - the arrangements for the admission of disabled pupils

- the steps you have taken to prevent disabled pupils from being treated less favourably than other pupils
- the facilities you provide to help disabled pupils to access the school
- the plan prepared under paragraph 3 of Schedule 10 to the Equality Act 2010 (accessibility plan) for:
 - increasing the extent to which disabled pupils can participate in the school's curriculum
 - improving the physical environment of the school for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services provided or offered by the school
 - improving the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled
